NELSON NAMED ADDITIONAL  
LEGISLATIVE INTERN

MISSOULA--

An additional legislative internship from the University of Montana has been awarded to Bruce Nelson, senior in political science from Carter, to assist an elected official during the 1973 State Legislature, according to Dr. Robert E. Eagle, director of the UM Bureau of Government Research.

Originally a first alternate, Nelson was selected when the number of internships was expanded from four to five.

The selection of the interns and alternates was made "on the basis of scholastic achievement, political involvement, and demonstrated interest," Eagle said.

The interns will be assigned to work on an individual basis with a senator or representative, will receive academic credit and \$600 for participating in the program, Eagle said. Funds are provided by the legislature, University and other sources through the UM Foundation.
